

Dear Parents of Cary Right Track Academy Campers-

It is incredibly sad to be talking about Cary RTA closing. I have been there since the first day it opened, as have a number of our Cary students.

I believe that Right Track Academy is an incredible program and it's been a pleasure to work with and get to know your amazing children. Hopefully in the near future we'll see a re-launch of another Right Track Academy site.

For those who have not visited the Raleigh Right Track Academy site, I hope that you will take the opportunity to do so. Raleigh Right Track Academy is the original and was opened over eight years ago. It's a lovely facility that is larger than the Cary site and offers the same rewarding program that your children have enjoyed at the Cary RTA. Feel free to drop by Raleigh Right Track Academy for a quick peek or visit for one of the plays.

Thank you for enrolling your children at Right Track Academy drama and art camp and entrusting us with their care. After working with your children for the past three years, I can honestly say I'm completely biased and think that our Cary kids were the sweetest, brightest and most talented. It's truly been a pleasure having a role in their young lives and seeing them build self-esteem and grow over the years.

Warmest wishes for their bright futures and your family.

Miss Ara
